CITY UNIVERSITY OF HONG KONG
Department of Electrical Engineering

To enable better monitoring of students' progress in carrying out their final year projects, students MUST submit by **uploading on FYP InfoNet**, a **Progress Report** in week 12 of Semester A, 2026/27; **by 11:59 pm on 20 November 2026**.

One sub-grade deduction from overall will apply per day upon **late submission of progress report. The submission on FYP InfoNet is crucial for deduction of marks.**

Please also note that you are required to present your progress to both your supervisor and assessor alongside the submission of your Progress report, demonstrating the accomplishments obtained by students as of the first semester of FYP. Students who do not present their progress to both their supervisor and assessor **will also receive zero marks.**

The Progress Report is given on the next page.
